BUILT FIRST FOR LAKELAND NUTRITION, FLOWOOD

Let members order their shakes and teas before they walk in.

A custom website with online ordering built in. Customers order ahead for pickup or schedule a delivery, pay at pickup, and the order lands on your staff board and in your Square.

Lakeland Nutrition's ordering app, with sample orders: the menu, flavors and boosts, delivery checkout, and the staff order board.

What you get

- Custom website, ordering built in
- Pickup and scheduled delivery
- Brand kit and brand guide
- Domain and hosting in your name
- Google Workspace email
- Square and every integration

How it works

- Your menu, flavors and boosts
- Delivery area checked at checkout
- Live order board with two chimes
- Approve deliveries before charging
- Orders and payments in your Square
- Phones first, works on any device

Is it an app?

It's a website that works like an app, opened from your link, QR code or Instagram. A store app is an add-on.

You own it

Every account is in your name, on your card. No commission: you pay Square's normal card fee, nothing to us.

Founding club offer

First 3 clubs: 25% off our club OS and inventory builds, care price locked 24 months.
